PUBLIC SESSION

1. Public Presentations

Veronica Vasquez – Department of Human Services (DHS) employee/SEIU Local 521 chapter president addressed the Commission because union members informed her that someone from the Commission went to DHS. She asked about the purpose of the visit, who went to the visit, and who toured the department. President Price informed Ms. Vasquez that he and the Commission Secretary had visited the department. Ms. Vasquez asked who gave the tour. President Price let Ms. Vasquez know that she was welcome to contact the Commission Secretary, Mrs. Murbach, after the meeting and she would gladly provide her with the information.

Commissioner Rose clarified that over the last seven years as a Commissioner, she has visited over twenty-four county departments. She explained that the purpose of these visits as a Commissioner is simply because she is a Commissioner, Kern County is a large county, and she serves as a volunteer. She felt it was incumbent upon her, in order to do the job as a well-educated Commissioner, to know where the departments are located and what they do. Every time that she has gone on a department visit, she has made a report during the Commissioner Reports portion of the meetings to let everyone know what department was visited. She did not visit DHS this time because she already visited the department previously.

President Price explained that when these visits take place, the visiting Commissioner does not ask for meetings with specific employees. He stated that usually he would report about this visit during the Commission Member Presentations portion of the meeting, but he would do so now, since Ms. Vasquez was present. He always learns something new and he had not previously
visited DHS. It was amazing to learn about the many programs available to the community and that the department helps over 30,000 people per month. He thanked Ms. Vasquez for her comments.

Francisco Martinez – County employee – informed the Commission that the meeting minutes for June and July were not published on the website. He expressed his concern about Mr. Agbalog’s outside work. Commission Secretary stated that she would check to ensure the links to the minutes were active on the website the day following the meeting and encouraged Mr. Martinez to contact her if he had any other difficulties with the website.
