Mr. Brown explained this is a new rule written by Mark Nations, Interim County Counsel. Ms. Murbach, Commission Secretary, explained that this new rule addresses the Pitchess Motion. The Commission recently participated in a Pitchess Motion and there was no existing rule. Commissioner Price thanked Mr. Nations and Ms. Murbach for putting this together thoroughly.

7. Human Resources Division Items/Report:

Mr. Brown reported that after months of searching, the Board of Supervisors selected Ryan Alsop as the new County Administrative Officer. Mr. Alsop will begin on January 3, 2017.

HRD staff recently had a meeting with a representative from LinkedIn. LinkedIn is putting together some software licenses to use LinkedIn as a recruiting tool to help source talent. Commissioner Burrow and Ms. Murbach also attended to hear how LinkedIn can be used as a recruiting tool and to build a brand for Kern County. LinkedIn has a large user base of approximately 450 million people all over the world. He will keep the Commission informed.

Online Testing - Mr. Brown informed the Commission that they looked at some of the suggestions Commissioners Agbalog and Prince raised at the last meeting. He found that there are some difficulties in making some restrictions in changing the questions within a test for different applicants. At this point, there is no technology involved in the product that would automatically jumble the questions. He has been working on putting together an implementation strategy. Mr. Brown wished the Commission Happy Holidays.

Commissioner Burrow thanked Mr. Brown for inviting him to attend. At the meeting, it was stated that 30% of the workforce is searching for a job and when a recruiter uses any of the other online services, they are basically pulling from that 30% whereas LinkedIn has the opportunity to include the other 70%. It is a powerful tool for the professional world. Mr. Brown explained that the percentages are broken down into active job seekers and passive job seekers. The 70% that Commissioner Burrow spoke about are those people who are employed but have talents and skills that we may be searching for. This tool recruiter license will allow HRD to search for those people, match them up against the skills we are looking for through an algorithm that the company has created, and build a pipeline of people HRD can reach out to with a personal message to let them know about available positions. Commissioner Price agreed this is a great recruiting tool.
