5. **Human Resources Division Items/Report:**

Internal Recruitment Update – Mr. Brown reported to the Commission that HRD has begun recruiting internally for certain positions to try to reduce the impact on the general fund. HRD has opened up a countywide recruitment for the Office Services and Fiscal Services Series. These internal recruitments will give the opportunity for existing employees to broaden their career and find advancement opportunities.

President Burrow asked if the countywide reductions might increase the Commission’s activity level. Mr. Brown explained that the Civil Service Commission could potentially be the hearing body for layoffs. The County is hoping to avoid layoffs in any positions. The CAO and BOS have directed this type of an approach to try to keep positions that are not critical to public safety, or public health, vacant; take general fund positions and allow other opportunities to promote to different departments that are non-general fund. President Burrow asked if the department heads have been instructed on how to approach layoffs. Mr. Brown reported that an all-department head meeting was held last summer when the topic of layoffs was discussed. They have not yet seen plans this year. Revisions to the layoff hearing rule was adopted last month and the new process matches the new organizational structure.

Commissioner Price stated it is appropriate to try to move employees to the place of most need, without the most impact, and avoid layoffs. He encouraged department heads to work with HRD in this endeavor. Mr. Brown explained that they are also doing this to give the employees, who have not had a recent cost of living increase, the opportunity to advance and promote into new positions. The employees are notified via bi-weekly emails when recruitments are open. Mr. Brown mentioned that there is an upcoming Civil Service Rule revision regarding lateral transfers. The proposed revisions will be presented to the Commission at next month’s meeting.

Commissioner Rose thanked HRD for their work and for sending out notifications to the employees. She asked what type of process is in place to let the employees know when there are changes in a layoff policy. Mr. Brown explained that they do send the proposed changes to all the employee associations and should probably send the final rule to them as well so they are aware of the changes.
