14. **Director of Personnel Items/Report of Closed Session Actions:**

Ms. Krebs reported the following:

- There were eight Closed Session items during the Regular Meeting held on January 13, 2014. The reportable actions taken on those items are listed in the public minutes of that meeting.

- The Personnel Department went live with our new applicant tracking system NeoGov this morning. Next month she will provide the Commission with a presentation of the newly revised Personnel website. She took this opportunity to thank the staff who has worked very hard on learning the ins and outs of the new system and planning the implementation of the new system.

- Last month she reported to the Commission that we had hired a new extra help receptionist. Last week this employee was offered a permanent position with another County department so she will be leaving us shortly. On February 25th she will be asking the Board of Supervisors to add a permanent Office Services Technician position to our budget and delete the permanent Office Services Assistant position we have. In a little over a year, this position, which serves as the receptionist for the department, has turned over five times. While she was happy to report that all of the employees who have filled that position in the past year have gone on to promotions elsewhere in the County, by replacing the Office Services Assistant with the higher level of Office Services Technician she hopes that the turnover rate will slow, we will be able to rotate existing staff on the front desk, and we will be able to assign higher level duties to the new employee filling the higher level classification.

- We recently provided the County Administrative Office with the status of our operating budget mid-year. While some adjustments need to be made to some of our expenditure and revenue accounts, I am happy to report we are on schedule to meet our FY 2013/2014 budget. I would like to thank our Civil Service Division Manager, Karen Kitchen, who keeps a close eye on our revenue and expenditures, and is already working on our budget for next year.
• We are currently working with a group of students enrolled in the Public Administration program at CSUB. They will be conducting a survey of recently hired county employees focusing on the recruitment and testing process. We hope to use the outcomes from this survey to improve our processes.

• We have partnered with the County Administrative Office in hosting three training sessions: one which was held last week on the topic of Customer Service, and two more which will be held in March and April on Stress Management and Creating a Positive Working Environment. These two-hour training sessions, which are held in both the morning and afternoon, are provided by MHN, the County’s EAP provider and are free to attendees. We received positive feedback from last week’s sessions and are looking forward to the next two topics.

15. **Commission Member Presentations or Announcements:**

Commissioner Rose announced that she, Commissioner Parli and Ms. Krebs will tour the Public Defender’s Office tomorrow. She will be visiting Airports, Treasurer – Tax Collector and Parks and Recreation in the next few weeks as well.

Mr. Adame addressed the Commission requesting that his name remain on the eligible list for Fire Fighter Recruit/Fire Fighter.

Captain Richard Turner spoke on behalf of the department. He informed the Commission that he had spoken with Mr. Adame on several occasions and had explained to him the reason why a request had been submitted to remove his name from the certification list. Mr. Adame was told he had left out or falsified information on his personal background history packet.
