## **SBA Offers Disaster Assistance to California Businesses and Residents Affected by the Erskine Fire**

**SACRAMENTO, Calif.** – Low-interest federal disaster loans are available to California businesses and residents affected by the Erskine Fire that occurred June 23 – July 6, 2016, in Kern County, U.S. Small Business Administration (SBA) Administrator Maria Contreras-Sweet announced today. SBA acted under its own authority to declare a disaster following the July 22 denial of the state’s request for a major disaster declaration for individual assistance.

The disaster declaration makes SBA assistance available in Inyo, Kern, Kings, Los Angeles, San Bernardino, San Luis Obispo, Santa Barbara, Tulare and Ventura counties.

“SBA is strongly committed to providing California with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster,” said Contreras-Sweet. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster,” said SBA’s Fresno District Director Carlos Mendoza. “Beginning July 27, SBA representatives will be on hand at the following Disaster Loan Outreach Center to answer questions about SBA’s disaster loan program, explain the application process and help each individual complete their application,” Mendoza continued. The center will be open on the days and times indicated. No appointment is necessary.

Businesses of all sizes and private nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to businesses and homeowners to help with the cost of improvements to protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any property damage.
