HAZARDOUS MATERIAL INCIDENT REPORT
OES Number: 15-4375
July 30, 2015
PAGE 2

SEQUENCE OF EVENTS:

On July 30, 2015, at approximately 0705 hours a truck-tractor trailer combination vehicle, driven by Mr. Carlos Rodriguez, was eastbound Red Rock Randsburg Road at a stated speed of 55-60 miles per hour. Mr. Daniel Grossman was driving a 2007 Ford Mustang westbound on Redrock Randsburg Road at an unknown speed approaching Mr. Rodriguez' location. For unknown reasons Mr. Grossman allowed his vehicle to drift into the eastbound lane of Red Rock Randsburg Road, causing a head on collision. As a result of the collision the tractor trailer combination vehicle sustained major damage to both fuel tanks, causing them to both completely rupture. Approximately 50-60 gallons of diesel fuel spilled onto the roadway and south shoulder of Red Rock Randsburg Road. Mr. Rodriguez complained of pain and was transported to Ridgecrest Regional hospital. Mojave Area supervisor 59-S2, Sergeant D. Dotson, #17457, responded to the scene and assumed incident commander duties. Mojave Area unit, 59-2 Officer J. Martinez, #14518, responded to the scene and handled the collision investigation. All appropriate notifications were made. Officer D. Lilly, #15252, was assigned Safety Officer responsibilities.

Kern County Health, Hazardous Material Specialist, Dan Starkey was notified at 0818 hours, responded to the scene, and assumed the safety officer responsibilities. Environmental Logistics Services, out of Bakersfield, completed the hazardous material spill clean-up operations. Kern County Health Hazardous Material Specialist Dan Starkey declared the scene safe on July 30, 2015, at 1730 hours.

On July 30, 2015, Sergeant D. Dotson notified the Kern County Health Department and Kern County Board of Supervisors telephonically to comply with the 72 hour Health and Safety Code notification requirements.

ROAD CLOSURE:

Red Rock Randsburg road was closed at 0735 hours at US-395 and State Route 14 during the collision investigation and haz-mat cleanup. The roadway was reopened at 1739 hours.

EVACUATION DETAILS:

Due to the nature of the material spilled and the location of the incident, a public evacuation was not needed.

ENVIRONMENTAL IMPACT:

None

CLEAN UP ACTIONS:

Environmental Logistics Services completed the clean-up operation. Clean up consisted of cleaning the spilled diesel from the roadway and excavating the spilled diesel fuel from the south dirt shoulder of Red Rock Randsburg Road. Approximately two cubic yards of contaminated soil was removed and transported for proper disposal.

A. INCIDENT ACTION PLAN (IAP)

1. GENERAL INFORMATION:

Clearly identify the Incident Commander and Safety Officer

(a) Incident Scene Commander: Sergeant D. Dotson, #17457
(b) Safety Officer: Officer D. Lilly, #15252

- Protect Lives, Environment, and Property
- Comply with 29 CFR 1910.120 (q) and 8 CCR 5192(q)

B. SITE SAFETY PLAN (SSP)

1. GENERAL INFORMATION:

- Safety of persons is the highest priority
- All personnel will be briefed on operation and safety before work begins
- No person will exceed their level of training, capabilities or resources

2. LOCATION: Westbound Red Rock Randsburg road east of Saltdale Road.

3. WEATHER: Cloudy, warm, humid

4. PRODUCTS INVOLVED:
   a) Diesel Fuel UN#1993

5. MEDICAL SIGNS OF EXPOSURE:
   a) Inhalation or contact with material may irritate or burn skin and eyes.
   b) Fire may produce irritating, corrosive, and/or toxic gases.
   c) Vapors may cause dizziness or suffocation.

6. HAZARDS: _X_ - Inhalation ___Absorption ___Injection ___Ingestion

   Protective Clothing Level Required ___A ___B ___C _X_ D

7. CONTROL ZONES ESTABLISHED:
   _X_ HOT (Exclusion) zone
   _X_ WARM (Contamination Reduction) zone.
   _X_ COLD (Support) zone

8. OTHER PLANS DEVELOPED: (None)
   Decontamination Plan N/A
   Evacuation Plan N/A
   Demobilization Plan N/A
